SPHEROS

Accessories

LEDs Bar

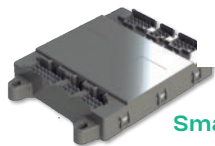

- Electronic protections (polarity inversion and voltage spurious)
- Environment and decorative lighting projects
- Controlled source ensuring constant lighting
- Premium SMD LED with lifetime: >60,000h
- Uniform or spot lighting, variable according to application
- Different color temperatures available for greater comfort in the environment
- Operating Voltage: 18V to 32V
- Maximum dimensions: 1200mm x 350 mm
- Assembly of multiple interconnected strips
- LED lighting colors: White 2700K, 3000K, 3500K, 4000K, 5000K, 5700K, and 6500K
- Decorative LED colors: Red, Royal Blue, Ice Blue, Green, Lime, and Amber
- Operating Temperature: -40°C to + 85°C
- Warranty: 5 years

Controllers

SBU 400
SBU 410

SC 2000

Smart ECU

- OLED 2.42" display
- Silicone keyboard
- MCP connection
- Independent control for two environments
- FW update via Bluetooth LE
- Special Sensors Scan
- CAN J1939 and LIN communication
- Re-Heat function
- Warranty: 1 year

Relay Boards

- Up to 12 relays @ 30A
- Warranty: 1 year

24V/12V Converter

- Electronic protections
- 6 Way JPT connection
- Output Current: 10A
- Standby Current: 3mA
- Efficiency: > 85%
- Dimensions: 110 x 57 mm
- Warranty: 2 years

USB Charger

- Operating indicative LED
- Fast charging option
- Smart identification of the device to be charged
- Compatibility with Apple, Samsung, Motorola, LG, etc.
- Output current up to 2A
- BC 1.2 standard
- Faston connection
- Warranty: 2 years
